CORKMEET

2010

International Business Networking

"I had highly effective meetings at **CORKMEET 2009**, both with people I requested and those who requested to meet me. I generated concrete sales out of the event, and I also made new contacts both with potential new customers for me, and also people that I could partner with in the future. Overall, a really beneficial event and I am delighted I was part of it."

Ciara Crossan, CORKMEET 2009 Participant

CORKMEET
2010
International Business Networking

"The cross section of business sectors was extremely useful."

87% of 2009 delegates said the event was very good or excellent.

"We found it informative and it certainly assisted our business."

In 2009, 99% of CORKMEET delegates intended to follow up with contacts made at the event.

"We initiated crucial meetings with potential new customers."

15 business sectors were represented at CORKMEET in 2009.

"We have done business as a result of CORKMEET."

383 delegates from 297 companies attended CORKMEET in 2009.

OVER 4,000 PRE-ARRANGED NETWORKING MEETINGS

As businesses strive to succeed and grow, the quality of their business contacts and networks becomes increasingly important.

Managing and building relationships and expanding these networks is critical to securing new business. Finding these new contacts can be difficult in a crowded and cluttered market so businesses need to unlock any potential advantages.

CORKMEET 2010 is a practical business event. The primary aim is to assist businesses develop successful networks through a strong series of business focused elements over the 3 days.

In 2010 up to 4,000 pre-arranged business networking meetings are planned in addition to informal networking events. The event will bring local, national and international companies together for a must attend event for businesses.
